I worked with Heather and she was always a positive person to me. She loved her children with all her heart. When she left and went to work elsewhere it was not the same. She will be missed by all her Sykes family dept SEI. I can remember when I first met her her pay did not go in the bank and she was so calm about it .I told her what I thought and all she said was Lenny will take care of it and she went back to work. She always helped newbies when they came on the floor. RIP Heather you are loved Your co worker Tina R

Heather worked for me for a few years i got to know her very well. She always had a smile to greet me with and always willing to help when she can. I remember when her and Kaya came over to our apartments to go swimming with my daughter of the same age they had a blast it was a nice memory to have of her you could tell how much she loved her kids. I will miss you Angel. RIP heather
