Carolyn Buchanan lit a candle in honor of Dennis.

I worked with Dennis for a long time at Fi-Foil. I will never forget the day he came in to apply for the job. He and I were friends from that day on. He was great to be around and always had a joke for you. I can truly say he was a good friend, a man that loved his family and grandchildren and great grandchildren. When he retired I really hated to see him go. I will forever miss him and his good sense of humor.

Nancy Mense (Former Fifoil Employee) posted:

Despite his illness, Dennis was very willing to assist the newcomers @ FiFoil with his construction of the heated (mini) attics for display. He was an excellent craftsman, and knew how to get around challenging (display) concepts for FiFoil. He kept a well organized tool box and nothing in the shop was ever out of place! It was a pleasure to know and work with him! Rest in peace Dennis!
