I started in child care in 1990. It was soon after that I met Vickie. She was always a source of good information and guidance. Her world revolved around children and their needs. I will always remember her fondly. I just wish that she would have had more time to enjoy retirement. She fought a valiant battle. RIP

A worker bee with a twinkle in her eyes and a wonderful laugh, she put others needs before her own. Capable and concise with a great heart --- she loved her family and especially children. I guess I 've known her for well over 20 years through the county and state child care associations. Loved her homemade spaghetti! Always a person with knowledge to share. We discussed angels on our last phone call and I know she has her wings now. Love you Vickie.

I have fond memories of Vickie and her family when they attended Pleasant Grove Church in Maryland. I know she is in the loving arms of our Savior.
