--I have known Art for over 20 years he was a great friend and a wonderful man. I was with him every week and had the pleasure of servicing his aquarium. Many times we would go out to eat lunch. Art was always fun and entertaining. I will always miss him. Thanks to his wonderful wife, Ann, I will always share so many memories. Thank you Art for the great times. Mike Tapley, your friend

Art was always interesting and interested. It was a pleasure to be with him and with Anne, to see their affection and their interaction. Even when we were kids, Art was caring and fun to be with. A picture of a young Art with his sister Evelyn.

I'm going to miss my dad he was a good man. But "When I see my face in the mirror, my parents' eyes look back at me." So if you see me staring in the mirror it's not because I'm sad, it's because I just want to see my father again to tell him how much I love him.

You are a great man, good father and was a loving husband and I know you will be missed. There's a quote we found in one of my dad's religious books that really struck a chord with me. It says: When I see my face in the mirror, my parent's eyes look back at me. I love you Dad and I hope to always see you everytime I look in the mirror. Your son, Douglas
