I remember Kenny loved to come to Alabama to see all his family. He made time for each family in the area. I remember him coming to my wedding, our four wheeler rides together, going through Daytona (he took me to the NASCAR track there for my 1st time), and he would always tell me that he loved me and that he would always be there for me. He always kept in touch to see how I was doing. I'm gonna miss him dearly!

Ive known Kenny my entire life. Not only was he a cousin but a close and dear friend. Kenny was one that was at every family gathering and always had either a firm handshake or a big bear hug. He loved his big hair bands and collections of movies. Ill miss you my friend . Not only for your lending hand but your company. Until we meet again , rest in peace Robby

We taught all of the Terry children in Bible classes and we have had a very difficult time with Kenny's death. He used to travel through Leesburg and he would stop to worship with us. We talked together so long we closed the building down! We loved him so much and cannot even imagine what you are going through! The entire family is in our prayers and we are sending much love your way!
