After loosing our mom we felt like lost souls. But one good thing that did come off it was that it brought us closer to our dad. About 2 years ago I brought my dad to live with me. I swear he was the happiest person ever. We brought him almost every where and he always managed to have the biggest smile. With that smile he captivated everyone s heart. I don't no of a person who met him and didn't like this guy. We laughed because he would tell u it was cold outside because the trees where moving. These are very few but happy memories we shared with him and I ask you guys remember him for the happy memories shared with him and the happy person he was.
