I miss you grandma, I loved spending time with you and maybe stealing a few nibbles of the cherry tomatoes you've had, or the grand christmas you've made possible every year, even just when I visited on normal days, I felt at home, I felt loved and most of all, you've told me all sorts of stories, and even though your resting, I just want you to know, I care, even after all these years, I miss you and I hope no one forgets you were as sweet as the delicious pies you've made.

Grandma Gerry thank you for all the love you showed me growing up . I never forgot how you told me stories of my grandpa that I never met but thru your stories I felt as if I did. You gave me a family that is connected by the heart even though miles separate us. Donna thankfully got to meet you and will always talk about her Grandma Gerry who lived in Florida. Please watch out for everyone you left cherish your memory. Love ,Kathy
