Danny Allen Mock

MAR 15, 1947 - APR 19, 2026

DANNY ALLEN MOCK, 79, of Winter Haven, FL passed away peacefully on April 19, 2026.

Danny A. Mock, born March 15, 1947, the youngest of six children born to Sim Parrish and Rosa Lee (Walker) Mock. He graduated from Kathleen High School, Class of 1965.

He was preceded in death by Floy M. Mock, his wife of 42 years, as well as his siblings, Carolyn Callahan, Jimmy Mock, Martha Hagen and Joan Hood.

He is survived by his sister Evelyn (Dave) Duncan, daughter, Dana (Justin) Longo, son, Ryan (Katelynn) Mock, and two step children Michelle (Mike Foley) Harrison, Freddy (Debbie) Johnston. Danny had 14 Grandchildren and 28 great-grandchildren.

Danny served in the US Navy during the Vietnam War. He served aboard the submarines USS Pargo and USS Batfish as a Fire Controlman. After his time in the Navy, he began a career working for Lanier Worldwide and retired from there.

He enjoyed retirement life, traveling 44 out of 50 states with his wife, making wood creations, telling sea stories, perfecting his Signature Bloody Mary, spending time with his cat Buddy and visiting with family and friends. Danny found humor in just about everything and he didn't tend to take life too seriously. We loved him and we'll miss him.

There will be a Graveside Service on Monday April 27th, 2026 at Oak Hill Burial Park, 4620 US Hwy 98 S., Lakeland, FL 33812 at 10 am.

One of the memories that always makes me smile when I think of PawPaw isn't some grand, picture-perfect moment; rather it's a muddy, slightly chaotic one. It's one from the summer spent in Kentucky. We had managed to get the four-wheeler stuck. Not just a little stuck either—completely, hopelessly, knee-deep-in-mud stuck. And to make matters worse, Mom had already made it very clear: one more mishap and the four-wheelers were gone for the whole summer (to be fair the list of mishaps was getting quite long). So naturally, we were panicking... and also trying very hard to look like we weren't. That's where PawPaw came in. Without much fuss, he waded right into the mud with us. No lectures, no "I told you so," just a quiet determination to get that thing out before anyone else found out. There he was, knee-deep in the mess we made, working alongside us like it was just another ordinary afternoon. I remember thinking at the time that he was kind of our secret backup plan, the one who helped us fix things before they turned into real trouble. And somehow, standing there covered in mud, he made it all feel less serious... almost like we might actually get away with it. We did, by the way. Thanks to him. Here's to muddy boots, quiet help, and getting out of trouble just in time.
