“ She was such a lovely person. I always looked forward to seeing her. She was the first person to volunteer to help organize our family reunion, every time. My heart goes out to everyone who feels this loss, but especially to Jeff and Mike.

“ Dear Bone Family,

I am so very sorry for your loss. Carol was such a delight to work with for nearly 10 years at Moffitt. I always enjoyed hearing her stories of Michigan and learning new pieces of research advice. One thing that Carol taught me many years ago and I still use it nearly every day is: "Always tackle the hardest job first. That way you are certain to have the difficult part out of the way!" Carol will certainly be missed by the many people who's lives she touched.

My thoughts are with you at this difficult time.
