“ My sweet niece Kristy, the sadness my heart feels knowing that you are gone is almost too much to bear. But Kristy you provided me the one thing that helps cover the pain. Everyone who knows Kristy knew her sweet little voice. Kristy so many times when we would be hanging out together over the years or talking on the phone, you would always say to me, in the sweetest voice, “ I just love you Aunt Karen” and baby girl, it’s those words I hear in my head and carry in my heart. We had special connection all through the years that time apart could never and will never break. I know you are with Jesus in heaven, so Kristy I hear your message and I want to tell you again, like many times before, “ I love you too, baby girl”. Love, Aunt Karen

“ Kristy had the heart of gold. Absolutely loved her family and would do anything for them. She would always choose the path her heart told her was the way to go. She was a true friend. The type of human being she was is hard to find today. This is such a sad time for anyone who had the privilege of calling her family or friend, which if you knew her you felt like family. Kristy we love you and will think of you often- Joey

“ Kristy Renee Hash was the best mother in the world. Even though she wasn't my biological mother, I knew I could always count on her as my mother to help me through anything. I knew her for 4 years and she was the best person I ever met. I'm so glad I had the opportunity to call her mom. She was the most genuine, kind-hearted person you could've ever known. She made the biggest impact on my life. I love you mom & I will miss you forever. - Maddie

“ Kristy Renee Hash was my beautiful loving aunt! She always put others before her self, always helped others even if they were in the wrong because she was just so big hearted... Kristy Renne I can't believe your gone... I'm lost for words ! You helped raise me my whole life and I feel like I lost a mother although you weren't mine. I could never of thanked you enough for everything you've done for me! You truly we're so great to me and I could never of asked for a better aunt which isn't possible! I'm happy your not hurting anymore I'm just mad it took this for that to happen... if I could of taken your place I would of happily done it in a heartbeat! I'm gonna miss the beach trips, softball tournaments, family nights, and just even coming over when I get off of work to see you and granny before I had to go home! I'm gonna miss the goodwill trips and the concerts we had in the car from the Dixie chicks to George straight and Tracy Lawrence ! You always lit up the room when it was dark.. you always made me laugh even when I was too sad to. I love you so much and I will forever miss you ... life will never be the same with you gone ... you maybe gone but never forgotten ...May your beautiful soul Rest In Peace Kristy Renne

“ I met Kristy through Katrina and so glad I did. We all worked together at all the auto auctions and went to each other's kids' birthday parties. I remember when my x-husband left me with my little one (Triniti) working one day a week and no place to go, with her already FULL house, Kristy let me and my little one come stay with her for 2 months to help me get back on my feet. No one has done something this great for me and am forever grateful for her kindness and friendship. My biggest sadness is that I don't even know when I last seen or visit her-time and distance got in the way.
