On February 12th Louis Monty passed away at Lakeland Regional Hospital. He was hospitalized and was recovering from a stroke. While in the hospital he contracted Covid-19, which led to pneumonia.

His love of cars was widely known by all his friends and family. While raising a family he had a 1969 Pontiac Firebird, which he generously shared with his teenage daughters. Most recently he enjoyed his 1951 Chevy Pickup.

I never met Sonya's Mom and Dad but know they had to be special because they had her for a daughter. Praying for you Sonya and your family to feel Gods peace and comfort during this time. May you all be reunited one day. In Jesus name I pray. Amen

*I will always remember the good times my brother and I had over at Monty's house as all the neighborhood kids would congregate at their house and play house, school, kickball, Wiffle ball and so many other activities. We would play school like the show "Welcome Back Kotter". Man we were pretty creative. All we had to do. No video games or other in house entertainment except for Lincoln Logs and games like Ants in the Pants, Connect 4, Mousetrap and Trouble. We would also play Rover. That was a dangerous game. We would slide down the hill in our sleds in the back of No ty's and Gore's houses. We had a blast growing up. Mr and Mrs Monty were so cool and funny and very gracious with their time spent with us kids. Marlene dressed up Sonya and I like Witches one yr for Halloween as we went to a Halloween Party I think at Lady of our Lake Church. After the party Marlene was helping me & Sonya take off our costumes and witch noses. She said best way to get it off is the rip it off fast and she it and it hurt but only for a second. She made our costumes. I think I remember her making by hand lots of clothes and costumes. Louis was so funny in a quiet subtle way. He was cool! One summer night our families were together visiting and Louis had to burn a bees nest that was in the ground where we played kickball. He poured gasoline down the hole and lit it up. For about an hour fire kept shooting our of the he and bees were flyimg all around it. Mickey was.very allergic to bees as well as my brother so he had to get rid of them somehow
Oh the good old days. Marlene & Louis still stayed in touch with my Mom after all these yrs. The Monty's were great friend esp to my Mom whi passed away herself in Sept 2020. Such a difficult time. My sincere condolences to Sonya and Mickey and the resy of their family and extended families.
