“ I always loved being in Geta's presence. She is the place where I always felt at home. I suppose I felt that comfort because she loved us so unconditionally. It never mattered the situation, she was always still there with open arms. Her acceptance for her family never ran out. I remember falling asleep in her lap as a young girl and even as an adult doing the same. She had this way about her that was just so calming to me. I was always fed and felt well rested when around Gelita. And then of course she had her feisty side that she is more commonly known for. She seriously had zero filter which we ALL know! Maybe not her greatest quality but for sure her funniest! We laughed so hard together and loved so dearly one another. She has always been and will forever be my favorite person!

We love you Gelita,

“ Dear Geta,

You are an amazing Angel watching over everyone now. It was a privilege to get to know you and come to love you as our own family. You always made us laugh. You always loved so hard. You are an incredible grandmother with a big heart. You will be missed immensely here on earth but knowing that you are with our Savior, living the best right now is something we celebrate instead. We hold you in our hearts forever.
