“ I have and was blessed to have known Patty since we were in sixth grade together. Through the years we spoke now and then, we recently started talking again. I would call her to see how she was. We would talk about the Lord, she would always enjoy me praying with her. I told her the Lord would be there for her and he was. So many memories. Patty , i will miss talking to you, but I'll see you in heaven. Your old friend, Kathy Boyer Masson
